# Hospital Peer Review

## 2009 Index

---

### Accreditation Field Report

Accountability, vigilance make this hospital grade A, MAR:29  
TJC still focusing on NPSGs, Universal Protocol, APR:45

### Award winners

Memorial Hermann wins national quality award, MAY:52

### Centers for Medicare & Medicaid Services

Stroke, VTE no shows in CMS proposed IPPS rule, but added as TJC core measures, JUN:61  
Changes to quality measures in proposed 2010 IPPS rule, JUN:62  
TJC, CMS release new specifications manual, JUN:63  
Q&A on proposed CMS 2010 IPPS rule, JUL:85  
CMS Hospital Compare hits front page news, AUG:99  
Questions surround OPPS on physician supervision, SEP:104  
A new look at the hospital patient grievance process, DEC:141  
Complaint or grievance, you better have a policy, DEC:143

### Conflicts/disruptive behavior

Appeals court elucidates how far investigation goes, MAR:35

### Core measures

Stroke, VTE no shows in CMS proposed IPPS rule, but added as TJC core measures, JUN:61  
Bucketing the core measures, JUN:64  
Which core measures are hospitals struggling with? JUN:66

### Discharge planning

How to prevent crises during transitions in care, FEB:22  
Study shows gap in care for discharged patients, JUN:73  
Proven care transition models out there, JUN:74  
Reduce rehospitalizations with RED discharge plan, JUL:83  
Components of the Re-Engineered Discharge, JUL:84  
Transitional care model proves its worth, SEP:108

### DNV Healthcare

DNV surveyors focus on CoPs, process measures, APR:47

### Emergency department

Matching nurses, skill sets spells ED success, JAN:10  
Network helps EDs reduce redundant test orders, JAN:11  
ED slashes average wait time by more than an hour, MAR:33  
There is no 'I' in ED team care, MAR:35  
For ED bottlenecks, look at your OR scheduling, AUG:95

### Hand hygiene

Hand hygiene compliance: Why hospitals aren't getting it right, AUG:89  
Boosting hand washing with monitors, feedback, AUG:91

### Health care reform

Reform and the bigger picture of quality, JUN:76

### Hospital-acquired conditions

Disclosing MRSA rates: What you should say, JAN:6  
Skeptic learns true value of HAI prevention, AUG:97  
National Patient Safety Goal on HAIs to be phased in by January: Are you ready? OCT:113  
Hospital looks at itself, culture to fight MDROs, OCT:116

### Joint Commission

Could TJC's antibiotic standard get you sued? JAN:7  
Latest sentinel event alert focuses on technology-related errors, FEB:13  
Joint Commission moves closer to CMS CoPs, FEB:19  
The Joint Commission issues revised 2009 accreditation requirements, MAY:49  
AHA, TJC get with the guidelines for heart failure, MAY:57  
TJC, CMS release new specifications manual, JUN:63  
Joint Commission 2009 scoring changes: How will they affect you? JUL:77  
Consultant: Scoring, PPR requirements still unclear, AUG:93

Tips, common mistakes in getting survey-ready, SEP:109  
Changes to Universal Protocol released, NOV:127  
Sentinel event alert pairs leadership, safety, NOV:134  
Are you on board with TJC's FPPE/OPPE requirements, DEC:137  
A new look at the hospital patient grievance process, DEC:141  
Complaint or grievance, you better have a policy, DEC:143  
TJC's take on patient complaints, DEC:144  
What is a Medicare condition-level follow-up survey? DEC:145  
Preparing for your 2010 survey? Here's some tips, DEC:147

### Kaizen

Care Initiation Area yields dramatic results, MAR:32  
Kaizen methodology means rapid changes, MAR:33

### Medication reconciliation

Med rec: It may be the monkey on your back but it's not going away, APR:37  
Tips, keys on implementing med rec, APR:39  
Using change management to install med rec process, APR:40  
Make med rec intuitive, not just another step, APR:43

### National Patient Safety Goals

NPSG compliance problems hospitals face now; where do you stack up? MAR:25  
Joint Commission to review four patient safety goals, JUN:65  
National Patient Safety Goal on HAIs to be phased in by January: Are you ready? OCT:113  
2010 National Patient Safety Goals consolidated, condensed, clarified? NOV:125  
Changes to 2010 NPSGs, NOV:127

### National Quality Forum

NQF reviews Nursing Sensitive Care measures, MAR:36  
NQF safe practice: More pharmacist involvement, AUG:98

**Patient deterioration**

Raising staff awareness of patient deterioration, shock, JUL81

**Patient involvement**

Arming patients to partner in their care, MAY:58

**Physician engagement**

Doc speak: How to get them on board with quality, OCT:119

**Pressure ulcers**

Incidents of pressure ulcers on the rise, FEB:21

**Privileging**

Are you on board with FPPE/OPPE requirements, DEC:137

**Publicly reported data**

How MN's reporting laws have changed the state, MAR:31

**Readmissions**

Study shows gap in care for discharged patients, JUN:73  
Hospital drops readmission rate for HF patients by 10%, SEP:106  
How do they do it? Baylor has lowest HF readmissions, OCT:121

**Recovery Audit Contractors (RACs)**

The Recovery Audit Contractors are rolling out: Are you prepared? SEP:101

**Rapid response/early intervention**

Are rapid response team saving lives? A new study says no, JAN:1  
Outlying benefits of RRTs, can we discount those? JAN:4  
Early warning system cuts code blues by 50%, NOV:129

**Studies**

To collaborate or not? Does it make a real difference? JAN:5  
Study: Safety checklist reduces mortality, MAR:28  
Study shows gap in care for discharged patients, JUN:73

**Surgical Care Improvement Project**

Methods to improve your surgical antibiotic prophylaxis, JAN:6

**Surgical safety checklist**

National push for surgical safety checklist under way, MAY:53  
Skagit Valley gets checklist on board with physician champion, MAY:56

**Swine flu**

Swine flu Q&A with UPMC biosecurity expert, JUN:72

**Universal Protocol**

Changes to Universal Protocol released, NOV:127

**Technology**

An evolutionary tale: EMR system at VA hospitals, FEB:15  
Tips for implementing technology at your hospital, FEB:16  
How a real-time locating system can work for you, FEB:17

**Venous thromboembolism (VTE)**

Focus on VTE and truths about prophylaxis, JUL:87
